Chief Donie Lee Jr.
Key West Police Department
1604 North Roosevelt Blvd
Key West, Fl 3304

Chief Lee:

As owners of a business in the Historic Seaport of Key West, we would like to commend you and your officers that have been on patrol in the bight area over the past few weeks. We have noticed firsthand the positive effect your department's presence has had on the aforementioned area. The number of people loitering in the parking lots and restrooms adjacent to us have noticeably declined. As you know not only were these persons a crime element and they also intimidated our out of town guests and customers.

Again, thank you and your officers. Keep up the good work.

Sincerely,

Joe Garr

Chris King
