Monroe County Growth Management

---

**Peace of Mind** is important during Hurricane Season.

***Be sure to hire a licensed and insured contractor to get your home and business ready during storm season.***

***After the storm: Be sure to hire licensed contractors to repair storm damaged structure.***

## **Ask your contractor**

- Do you have a Monroe County License?
- Do you have general liability and workman's comp insurance?
- Are you familiar with Monroe County Building Regulations?
- Will you pull a permit if my work requires it?
- Have you done this type of work before?
- Are you self performing the entire project?
- Will you supply releases of liens for your subcontractors and suppliers?

## **Work that requires a licensed and insured contractor**

Aluminum • Landscaping • Masonry • Roofing • Shutters • Windows & Doors  
• Seawalls & Docks and more...please call for more information.
