Re: CRB Complaint #09-002

Dear Mr. Murphy:

This office has acknowledged receipt of your most recent letter, copy enclosed herein, asserting that you wish the CRB to continue its review of your complaint. Please be advised that the Citizen Review Board reviewed your complaint at its public meeting held on April 13, 2009. The Board made a finding of **NO FINDING** and directed the complaint to either be re-filed (reasserted) by yourself at a later date or be closed without any further action. Specifically, the Board feels that the subject matter of your complaint is best addressed in the pending criminal action in which you are a defendant. The Board will not therefore re-visit this complaint until after the Court case.

The Board's recommendation to you is that you withdraw your complaint and if you are so minded, submit this again after the Court's decision. Unless you do so the 180 day statutory deadline for investigations against police officers in the State of Florida may very well lapse.

If you would like to re-file your complaint after the resolution of your current criminal case, please send a written letter as such to this office thereafter. Please also itemize or enclose any additional evidence to help the Board reconsider your matter should you wish to re-file your complaint.

Respectfully,

A handwritten signature in black ink, appearing to read "Bryan Green". The signature is fluid and cursive, with a large loop at the beginning and a long tail at the end. It is positioned above the printed name and title.

Bryan Green, Chairman
Encl.

cc: Jim Scholl, City Manager
Donie Lee, Chief of Police
Sgt. Jeff Williamson

Mr. Stephen C. Muffler Esq.
Executive Director

My lawyer tells me that I have another
bond hearing, or something like that on
the 16th of April, and the judge is most
likely to set another bond, so I hope to
see you probly on the 17th or 18th and
I want to proceed with this matter

Thank you
Very much

Joseph Jeremiah Murphy
