

CONSTRUCTION UPDATE!

Please note the following changes and updates below:

1 Due to weather (rain) issues, the paving on 14th Street will be delayed a day or two—be aware that traffic will be very heavy in that area.

2 A traffic signal malfunction at Kennedy and Flagler during the mid-afternoon school traffic time caused additional back-ups.

3 Traffic may now turn **right from two lanes** at the triangle onto US1 from South Roosevelt Blvd. Some additional lane markings need to be completed, but both lanes may now exit to the right.

CAUTION: Remember that even though you may now proceed straight or turn right from the 'through lane,' **the traffic signal must still be obeyed.**

4 Please note signs for routes to the two business zones on North Roosevelt Boulevard: **Business Zone A** is from First St./Palm Avenue to Kennedy Drive. **Business Zone B** is from Kennedy Drive to the triangle at US1.

5 South Roosevelt Boulevard is still the *fastest* way out of town.

Please exercise caution and patience.

We appreciate your cooperation during this project, and apologize for any inconvenience this may cause. Schedule subject to change due to weather, etc.
