QUITCLAIM DEED

WHEREAS, the GRANTOR executed a Finding of Suitability for Transfer ("FOST") dated December 3, 2002 as necessary to provide the covenants required by Section 120(h) of the Comprehensive Environmental Response, Compensation and Liability Act, as amended ("CERCLA"), 42 U.S.C. § 9620(h), although nothing in this Indenture shall be construed to increase, decrease or otherwise modify the responsibilities of GRANTOR, if any, and/or the rights of GRANTEE, its successors and assigns, if any, with respect to the FOST.

WITNESSETH,

GRANTOR, for and in consideration of the sum of Ten Dollars (\$10.00), plus other good and valuable consideration, to GRANTOR in hand paid by the GRANTEE, the receipt whereof is hereby acknowledged, has released and quitclaimed to the GRANTEE, its successors and assigns, without warranty, express or implied, except as required by Title 42, United States Code, Section 9620(h), under and subject to the covenants, terms, reservations, conditions, restrictions, and easements, as set forth herein, all right, title, interest, claim, and demand which the GRANTOR has in and to that certain PROPERTY, containing approximately 32.31 acres, situated in the County of Monroe, in the State of Florida, formerly part of and known as Naval Air Facility, Key West, Florida, described in EXHIBITS "A" and "A-1", attached hereto and incorporated herein by reference, including improvements, related personal property, but excluding any groundwater test wells and other remediation equipment or fixtures located thereon and excluding utility infrastructure located within reserved easements described herein.

NOW THEREFORE, by the acceptance and recording of this Deed in the public records of Monroe County, Florida and as part of the consideration of this conveyance, the GRANTEE, for itself, its successors and assigns, agrees to comply with the covenants, terms, restrictions, conditions, reservations, and easements contained within this Indenture, which shall run with the land in perpetuity unless otherwise released by GRANTOR. The Marketable Record Title Act does not effect or extinguish any rights created by the Restrictive Covenants (§712.03(8), Florida Statutes, effective July 1, 2000). The covenants, terms, reservations, restrictions, conditions and easements contained in this Deed shall be inserted by the GRANTEE verbatim, or by express reference in any deed or other

legal instrument, by which GRANTEE divests itself of either the fee simple title or any other lesser estate in the PROPERTY, or any portion thereof, with the requirement that any subsequent transferee assumes all of the obligations accepted by the GRANTEE under the provisions of this Deed with respect to the PROPERTY.

The failure of the GRANTOR to insist in any one or more instances upon complete performance of or compliance with any of the covenants, conditions, reservations, restrictions, easements or terms in this Deed shall not be construed as a waiver or a relinquishment of the future performance of or compliance with any such covenants, conditions, reservations, restrictions, easements or terms, and the obligations of the GRANTEE, its successors and assigns, with respect to such future performance and compliance shall continue in full force and effect.

GRANTEE further acknowledges and understands the following notifications:

1. GRANTOR and GRANTEE have jointly inspected the Boat Ramp Area as set forth in EXHIBIT "B" and together agree that the Boat Ramp Area is in good and serviceable condition for its intended use as of the date of this transfer.
2. GRANTEE acknowledges GOVERNMENT's authority to implement appropriate security procedures for Truman Harbor and the landward standoff portion of the PROPERTY to satisfy required Anti-Terrorism Force Protection Conditions as dictated by national security demands ("AT/FP Measures"). Generally, the GOVERNMENT will require minimum standoff distances of 100-feet landward and 100-yards seaward from all GOVERNMENT vessels and 100-yards seaward from all GOVERNMENT property. These minimal standoff distances do not apply to watercraft using the Boat Ramp Area. These standoff distances will apply to GOVERNMENT vessels moored in Truman Harbor or on the Outer Mole. In the event of heightened security conditions, implementation of some procedures may result in curtailed or reduced non-government access via water to Truman Harbor for periods of time. Additional security measures may include, but are not limited to, inspection of vessels or boats entering the harbor, escort of vessels or boats in the Harbor, and placement of water-borne barriers or booms. Non-routine security measures such as evacuation of the Harbor and its

adjacent shores would be undertaken in conjunction with local civil authorities and only when necessitated by emergent conditions. The GOVERNMENT will take into consideration reasonable measures proposed by the LRA to accommodate LRA development and use of the Truman Harbor Area Development Zone, provided such measures are consistent with the level of security determined necessary by the GOVERNMENT. Outside of the 100-foot landward standoff distance from GOVERNMENT vessels, the GOVERNMENT asserts and the LRA acknowledges the GOVERNMENT's sovereign authority to implement non-routine security measures as may be necessitated by emergent conditions as permitted under Federal law and in conjunction with local civil authorities.

3. GRANTEE recognizes the GOVERNMENT's right of navigational servitude. GRANTEE, its lessees, or invitees, successors and assignees shall not interfere with or prohibit safe ship and/or small craft operations by the GRANTOR, or its agents. GRANTEE shall not conduct any operations or construct any improvements within Truman Harbor outside of the area marked as "Truman Harbor Area Development Zone" as set forth in EXHIBIT "B", or within the Trumbo Road Restricted Development Zone as set forth in EXHIBIT "C".

A. RESERVING unto GRANTOR and its assigns the following easements:

1. A perpetual right of ingress, egress and use of the Boat Ramp Area. GRANTEE will maintain and operate the Boat Ramp Area in the condition as accepted and acknowledged during the joint inspection for the use and accommodation of LRA sponsored vessels and the use and accommodation of GOVERNMENT vessels or vessels on behalf of the GOVERNMENT. The GOVERNMENT will be responsible for the repair of damages to the Boat Ramp Area that results from GOVERNMENT use, to the extent required by applicable laws and subject to the availability of appropriated funds, provided that in no event will the GRANTEE be obligated to repair any portion of the Boat Ramp Area damaged by the GOVERNMENT.

2. Perpetual access road easement(s) for ingress and egress over, across, under and through the PROPERTY as described in attached EXHIBIT "D".

3. Perpetual access road easement to Eaton Street extension, as described in attached EXHIBIT "E".

4. Perpetual access road easement to Trumbo road as described in attached EXHIBIT "F".

5. Perpetual right of ingress and egress to the Water Tower Parcel, as shown in attached EXHIBIT "G".

6. Perpetual easements including ingress and egress for the construction, repair, replacement, maintenance and operation of the following utility lines:

a. Electrical Line easement as described in attached EXHIBIT "H".

b. Sanitary Sewer Line easement as described in attached EXHIBIT "I".

c. Communication Line easement as described in attached EXHIBIT "J".

d. Storm Water easement as described in attached EXHIBIT "K".

e. Potable Water Line easement as described in attached EXHIBIT "L".

f. Fuel Line easement as described in attached EXHIBIT "M".

g. A sanitary sewer line easement in the vicinity of Trumbo road as described in attached EXHIBIT "N".

B. Development and Use Restrictions and Covenants

GRANTEE covenants to comply with the following development restrictions on the PROPERTY to avoid interference with GOVERNMENT's security and operational activities on the retained property in the Truman Annex area including but not limited to the Mole Pier.

1. GRANTEE shall not permit or construct any improvements within 50 feet of the property line abutting GOVERNMENT property, with the exception of the TACTS TOWER, where GRANTEE shall not permit or construct any

improvements within 20 feet of the property line around the TACTS TOWER. Notwithstanding this, GRANTEE may install roadways, walkways, and low-level vegetation in this area. Through the procedure described in paragraph 9 herein below, GRANTEE may apply for a variance from this restriction that does not, in the judgment of the GOVERNMENT, impair its security and operations.

2. GRANTEE, upon electing to relocate GOVERNMENT vessels to the East Quay Berthing Area, shall not permit or construct improvements within 100 linear feet landward of the northern 711 linear feet of East Quay Berthing Area as shown in EXHIBIT "B". Notwithstanding this prohibition on improvements, GRANTEE may install roadways, walkways, and low-level vegetation in this area. Through the procedure described in paragraph 9 herein below, GRANTEE may apply for a variance from this restriction that does not, in the judgment of the GOVERNMENT, impair its security and operations. In the event the LRA and the GOVERNMENT elect to relocate a GOVERNMENT vessel to the East Quay Berthing Area after improvements have been constructed, a 100 linear foot landward exclusive GOVERNMENT use zone shall be established.

3. GRANTEE shall not permit any improvement that exceeds an elevation greater than 35 feet above the crown of the closest road except where controlled by existing easements.

4. GRANTEE shall not permit obstructions or improvements to be placed in the Boat Ramp Area or use it in any way that would prohibit or interfere with GRANTOR's right of access and use of the Boat Ramp Area for its intended purpose of boat launching and recovery.

5. GRANTEE shall not permit facilities or operations on the PROPERTY that would create Radio Frequency Interference (RFI) with GOVERNMENT communication operations, without the prior written approval of the GOVERNMENT. Known RFI activities that are prohibited shall include but are not limited to commercial radio transmitters and arc welding shops. However, normal small craft radio systems or cell phone use is not prohibited.

6. GRANTEE shall not permit commercial or recreational aviation activities or their related support functions on the PROPERTY.

7. GRANTEE shall not allow use of the PROPERTY to permit any improvements to be built within Truman Harbor outside of the "Truman Harbor Area Development Zone" as set forth in EXHIBIT "B".

8. GRANTEE shall not allow use of the PROPERTY to permit any improvements to be built within the "Trumbo Road Restricted Development Zone" as set forth in EXHIBIT "C".

9. Grantee will submit all plans for development of the PROPERTY (LRA Development Plans) to the GOVERNMENT for review and concurrence that the proposed development or use of Truman Harbor and the PROPERTY will not interfere with GOVERNMENT security or operations. The LRA Development Plans shall (1) provide sufficient information for the GOVERNMENT to conduct its review and generally shall include the types of information set forth in EXHIBIT "O", and (2) provide for all types of development or improvements on the PROPERTY including the relocation of existing roads, utilities and other improvements and waivers of express development and use restrictions. GOVERNMENT review will be conducted within ninety (90) days of submittal and GOVERNMENT concurrence shall not be unreasonably withheld. If the GOVERNMENT identifies any conflict with express development and use restrictions and agreements or any interference or potential interference, that the LRA's Development Plans may cause to GOVERNMENT security or operations in the Key West vicinity, the GOVERNMENT shall inform the GRANTEE and the GOVERNMENT and GRANTEE shall work to identify what, if any, modifications can be made to enable the LRA's Development Plans to proceed. The GOVERNMENT hereby designates Commanding Officer, Naval Air Facility, Key West, or his/her successor, as its agent to review for concurrence of the LRA Development Plans.

10. GRANTEE agrees and acknowledges that the GOVERNMENT assumes no liability to the GRANTEE or its sublessees, licensees or successors and assigns should implementation of any of the above security procedures or the denial of any of the LRA's Development Plans interfere with or disrupt the use of the PROPERTY or GRANTEE operations in Truman Harbor or result in any damages or economic hardships to the GRANTEE or its sublessees, licensees, successors and assigns. GRANTEE, its sublessees, licensees, successors and assigns shall have no

claim on account of any such interference against the GOVERNMENT or any officer, agent, employee or contractor thereof. This provision applies only to claims and liability that may arise on or from the PROPERTY and Truman Harbor.

C. Contamination in excess of the Florida Department of Environmental Protection (FDEP) residential cleanup target levels (F.A.C. 777) remain on portions of the PROPERTY; therefore, GRANTOR hereby imposes the following use restrictions on those portions of the PROPERTY hereinafter referred to as the "Restricted Area(Land Use Controls)" as set forth in EXHIBITS "P" and "P-1":

1. GRANTEE shall not tamper with or damage groundwater monitoring and/or soil monitoring and/or remediation systems (including pumps, wells, piping, utilities and associated appurtenances) of GRANTOR on Restricted Area(Land Use Controls) as set forth in EXHIBITS "P" and "P-1".

2. GRANTEE shall not install wells or extract groundwater on Restricted Area(Land Use Controls) as set forth in EXHIBIT "P". Construction related groundwater dewatering conducted in accordance with applicable State regulations is specifically authorized.

3. GRANTEE, on behalf of its lessees, licensees, successors and assigns, covenants that it shall not hinder or prevent the GOVERNMENT from constructing, upgrading, operating, maintaining and monitoring any groundwater and/or soil treatment facilities and/or groundwater monitoring network or engage in any activity that will disrupt or hinder further remedial investigation, response actions or oversight activities on Restricted Area(Land Use Controls) as set forth in EXHIBITS "P" and "P-1" or adjoining areas within the PROPERTY.

4. The GRANTEE shall not permit residential or agricultural use on the Restricted Area(Land Use Controls) as set forth in EXHIBITS "P" and "P-1". Residential use includes but is not limited to housing, child care and pre-school facilities and recreational camping and playground.

5. The GRANTEE shall comply with the provisions of any health and safety plan put into effect by the GOVERNMENT in connection with any ongoing or future

environmental investigative and/or remedial activities to be undertaken by the GOVERNMENT on the Restricted Area (Land Use Controls) as set forth in EXHIBITS "P" and "P-1".

6. The GRANTEE shall perform annual inspections of the PROPERTY to ensure that all land use controls are being complied with and provide a written report to GRANTOR certifying such compliance for as long as maintenance is required at the identified sites.

D. NOTICES, COVENANTS, CONDITIONS, RESERVATIONS AND RESTRICTIONS

1. Notice of Environmental Condition:

For each hazardous substance stored on the PROPERTY for one (1) year or more, or known to have been released or disposed of on the PROPERTY, EXHIBIT "Q", which is attached hereto and made a part hereof, provides notice of the type and quantity of such hazardous substances at the time at which such storage, release or disposal took place to the extent such information is available on the basis of a complete search of agency files by GRANTOR, and of all response actions taken to date to address such hazardous substances. The information contained in this Notice is required under 42 U.S.C. § 9620(h)(3)(A).

2. This Notice of the Presence of Asbestos-Containing Materials (ACM) - Warning is given in accordance with 41 Code of Federal Regulations Part 101-47.304-13. The GRANTEE, and each of its successors and assigns, is warned that the structures and improvements remaining on the PROPERTY may contain asbestos-containing materials both on their exterior and/or interior areas. Unprotected or unregulated exposures to asbestos in product manufacturing, shipyard, and building construction workplaces have been associated with asbestos-related diseases. Both the Occupational Safety and Health Administration (OSHA) and the Environmental Protection Agency (EPA) regulate asbestos because of the potential hazards associated with exposure to airborne asbestos fibers. Both OSHA and EPA have determined that such exposure increases the risk of asbestos-related diseases, which include certain cancers and which can result in disability or death.

The GRANTEE, and each of its successors and assigns, covenants and agrees that in its use and occupancy of the

PROPERTY (including demolition and disposal of existing improvements), it will comply with all applicable Federal, state, and local laws relating to asbestos-containing materials ("ACM"). Also, the GRANTOR assumes no liability for damages for personal injury, illness, disability, or death to the GRANTEE, or to GRANTEE's successors, assigns, employees, invitees, or any other person, including members of the general public, arising from or incident to the future purchase, transportation, removal, handling, use, disposition, or other activity causing or leading to contact of any kind whatsoever with ACM on the PROPERTY after the date of this Indenture, whether the GRANTEE, its successors or assigns, has properly warned or failed to properly warn the individual(s) injured. Consistent with the foregoing, GRANTEE and its successors and assigns shall not have liability for (i) any violations of laws or regulations relating to ACM occurring prior to the date of this Indenture, or (ii) any releases of or exposures to ACM occurring before the date of this Indenture.

3. Lead-Based Paint: The GRANTOR represents after diligent inquiry, and the GRANTEE, and each of its successors and assigns, acknowledges, that all portions of the improvements on the PROPERTY subject to this Indenture may include lead-based paint ("LBP") as of the date of this Indenture. The GRANTEE, and each of its successors and assigns, covenants and agrees that in its use and occupancy of the PROPERTY (including demolition and disposal of existing improvements), it will comply with all applicable Federal, state, and local laws relating to LBP. Also, the GRANTOR assumes no liability for damages for personal injury, illness, disability, or death to the GRANTEE, or to GRANTEE's successors, assigns, employees, invitees, or any other person, including members of the general public, arising from or incident to the future purchase, transportation, removal, handling, use, disposition, or other activity causing or leading to contact of any kind whatsoever with LBP on the PROPERTY after the date of this Indenture, whether the GRANTEE, its successors or assigns, has properly warned or failed to properly warn the individual(s) injured. Consistent with the foregoing, GRANTEE and its successors and assigns shall not have liability for (i) any violations of laws or regulations relating to LBP occurring prior to the date of this Indenture, or (ii) any releases of or exposure to LBP occurring before the date of this Indenture.

4. In accordance with the requirements and limitations contained in 42 United States Code §§ 9620(h)(3)(A), the GRANTOR hereby warrants that:

a. all remedial action necessary to protect human health and the environment with respect to any hazardous substance remaining on the PROPERTY has been taken, and

b. any additional remedial, response, or corrective action found to be necessary after delivery of this Indenture shall be conducted by the GRANTOR.

5. Right of Access: In accordance with the requirements and limitations contained in Title 42 U.S.C. §9620(h), GRANTOR expressly reserves all reasonable and appropriate rights of access to the PROPERTY described herein when remedial action, response action, or corrective action is found to be necessary in accordance with applicable Federal, State and local environmental laws, after delivery of this Indenture. In non-emergency circumstances, GRANTOR shall give GRANTEE, its successors and assigns, reasonable prior written notice of its intention to enter the PROPERTY for the purposes set forth herein and shall cooperate with GRANTEE, its successors or assigns, to the maximum extent practicable, with respect to the timing and manner of such entry, unless such entry is required to remedy an emergency situation or prevent the imminent endangerment of human health, in which event no prior notice shall be required. These access rights are in addition to those granted to Federal, State, and local authorities under applicable environmental laws and regulations. GRANTEE agrees to comply with activities of the GRANTOR in furtherance of these covenants and will take no action to interfere with future necessary remedial and investigative actions of the GRANTOR. The GRANTOR and the GRANTEE agree to cooperate in good faith to minimize any conflict between necessary environmental investigation and remediation activities and operations of GRANTEE, its successors and assigns, and of any Lessee or any Sublessee of the PROPERTY. Any inspection, survey, investigation, or other response or remedial action will to the extent practicable, be coordinated with representatives designated by GRANTEE or its successors and assigns. The right of access described herein shall include the right to conduct tests, investigations and surveys, including, where necessary, drilling, digging test pits, boring, and other similar activities. Such rights shall also include the right to

construct, operate, maintain, or undertake any other response, corrective or remedial action as required or necessary, including, but not limited to, monitoring wells, pumping wells, and treatment facilities. GRANTEE, and each of its successors and assigns, agrees to comply with GRANTOR in furtherance of these covenants.

6. Indemnification as Required by United States Public Law 102-484, Section 330, as amended:

GRANTOR shall hold harmless, defend, and indemnify the GRANTEE and any future successor, assignee, transferee, lender, or lessee of the PROPERTY from any suit, demand, cost or liability arising out of any claim for personal injury or property damage that may result from, or be predicated upon, the release or threatened release of any hazardous substance, pollutant and/or petroleum or petroleum derivative contaminant resulting from Department of Defense activities on the PROPERTY to the conditions specified in, and to the extent authorized by, Section 330 of Public Law 102-484 as amended by Section 1002 of Public Law 103-160.

GRANTEE on behalf of its lessees, licensees, successors and assignee covenants that it shall provide written notice to the GOVERNMENT and FDEP: of any subsequent sale, assignment or lease of the Restricted Area (Land Use Controls) as set forth in EXHIBITS "P" and "P-1" or any portion thereof, and provide contact information concerning the new owner or occupant.

GRANTEE covenants for itself, successors and assigns and every successor in interest to the PROPERTY, or any part thereof, that GRANTEE and such successors and assigns shall not discriminate upon the basis of race, color, religion, disability or national origin in the use, occupancy, sale or lease of the PROPERTY, or in their employment practices conducted thereon. This covenant shall not apply however, to the lease or rental of a room or rooms within a family dwelling unit, nor shall it apply with respect to PROPERTY used primarily for religious purposes. GRANTOR shall be deemed a beneficiary of this covenant regardless of whether it remains the owner of any land or interest therein in the locality of the PROPERTY hereby conveyed and shall have the sole right to enforce this covenant in any court of competent jurisdiction.
