Dear Chief Lee:

Just yesterday, I was reading the city newsletter, and the backgrounds of four newly hired officers. Today, one of them stopped and issued me a citation, and rightfully so. I had inadvertently failed to renew my vehicle registration a little more than six months ago.

I'm writing today, to share that I found Officer Kristopher Bouvier to be most courteous, good natured and very professional.

It's officers such as Bouvier that make it a pleasure to live in this island community we call home. Congratulations on another fine addition to your force.

Yours truly,
