Dear Mr. Bender;

The City of Key West Tree Commission recently considered your permit application (#6722) regarding property located at 1300 White Street at their regularly scheduled meeting on February 11, 2014.

The request of the permit application was for conceptual approval of the landscape plan for the above mentioned property. The Tree Commission approved the conceptual landscape plan submitted with the application and presented to the Commission. The commission approved the conceptual plan with the understanding that the applicant continue to work with the Urban Forester on the species list and final design plan. A Final Landscape Design approval will require a specific plant list, locations and plant numbers/units.

If you have any questions please call the office at (305) 809-3768.

Sincerely,

Karen DeMaria
