October 15, 2014

Dear Chief of Police Donie Lee,

I recently performed a "ride-along" with Officer Deandre Morris as part of my Key West Ambassador's program. I am writing to express to you how impressed I am with Officer Morris. His conduct with the public, his efforts to educate me regarding protocol and procedure, and his demonstrated caring for the safety of this community make Deandre an absolutely superb asset to your team. During our ride along we had variety of encounters. One such encounter included a felony arrest. I was impressed with Officer Morris' professional behavior with the subject and his diligent efforts to properly document the incident and the ultimate turnover of custody to the Sheriff's office.

I also spent time with Sargent Areaka Jewell who I now understand has been promoted to Lieutenant. I met with Lieutenant Jewell for about an hour. I immediately clued into how confident, articulate, and passionate she is about her job. She is truly impressive and seemingly very well deserving of her promotion.

Thank you for opening the doors of the Police Department for us citizens. This has been a very exciting experience. Keep up the great work to keep us safe.

Yours truly,

Mark Warmouth
