

PUBLIC MEETING

Members of the City of Key West's Boards, Committees, HARC, Tree and City Commissions may be in attendance.

BAHAMA VILLAGE

VISIONING AND CRA WORK PLAN

Thank you for your interest in working with the City of Key West and the Bahama Village Redevelopment Advisory Committee (BVRAC) on the BAHAMA VILLAGE VISIONING AND CAPITAL PROJECTS WORK PLAN. For the Fiscal Year 2010, the BVRAC and Community Redevelopment Agency have funded a Work Plan that is intended to guide and prioritize future improvements and spending on CRA projects within Bahama Village. The new Work Plan shall be for a 25-year planning horizon (2015-2040) and is based on the 2010 CRA Vision Plan's guiding principles for the Bahama Village CRA.

WHAT IS THE PLAN KICK-OFF EVENT?

The Work Plan Kick-off Event brings together the community and its numerous stakeholders over a two-day period of roundtable discussions and public meetings. Over this short period of time, the consultant team - **Zyscovich Architects and Lambert Advisory** - will facilitate an initial dialogue between all meeting participants to help identify community issues and aspirations as well as any preferences for revitalization and redevelopment within the Bahama Village CRA.

WHY SHOULD YOU PARTICIPATE?

Participating in these meetings will give you a chance to undertake a comprehensive review of the CRA Plan accomplishments to date and help define a Work Plan for the future that is consistent with the Bahama Village Community Redevelopment Subarea (BVCRSA) Plan, the City's Comprehensive Plan, the Strategic Plan, the Capital Improvements Plan, and other budgeted improvements for the neighborhood.

During meeting sessions, we will be asking you to share your opinion on quality of life issues and priorities in the Bahama Village CRA and how you can be a part of this important planning process for the community.

Join us for a brief overview of the CRA Visioning and Work Plan goals and objectives and hear how you and your organization can participate in this important planning effort!

SAVE THE DATE
July 28 and 29, 2015

WHEN:

ROUNDTABLE MEETING SESSIONS*

Day 1: Tuesday, July 28 from 9 to 4

Day 2: Wednesday, July 29 from 9 to 2:30

* See Meeting Schedule for specific session times.
