MEMORANDUM

From: Roland Flowers P.E., City Engineer

Date: April 16, 2008

Subject: Ratify Local Agency Program Agreement (LAP) FPN 250548-4, Reconstruction of SR A1A (South Roosevelt Boulevard) in the City of Key West with the Florida Department of Transportation (FDOT) and Supplement No. 1 to Local Agency Program Agreement FPN 250548-4 Reconstruction of SR A1A (South Roosevelt Boulevard) in the City of Key West

BACKGROUND:

On April 6, 2004 the City of Key West passed Resolution 04-146 selecting Sanchez Zeinali Associates Inc. to provide engineering design services for the reconstruction of South Roosevelt Boulevard from Bertha Street to the east end of Smathers Beach. On December 12, 2004 the City Manager executed Local Agency Program Agreement (LAP) FPN 250548-4, Reconstruction of SR A1A (South Roosevelt Boulevard) in the City of Key West with the Florida Department of Transportation (FDOT) for the design. The FDOT was proceeding with the design from the East end of Smathers Beach to the intersection of US 1 (the triangle) while the City's consultant was designing the section identified above. A section of roadway from the East end of Smathers Beach approximately 500 feet to the east was left out of the FDOTs design and subsequent construction. This Supplement to the LAP agreement, 100% funded by the FDOT, will provide for the design services to design the area left out of both projects and provide a complete project from Bertha Street east to the location the FDOTs project ended. The City's consultant has completed 90% of the design and billings have been submitted to and reimbursed by the FDOT. This Resolution will also formally ratify the LAP signed by the City Manager on December 12, 2204.

OPTIONS:

1. Authorize Supplement No.1 to Local Agency Program Agreement FPN 250548-4 Reconstruction of SR A1A (South Roosevelt Boulevard) in the City of Key West
   Advantage: The City's Consultant Engineer can proceed with the design for the area left out of the original project
   Disadvantage: None
   Funding: Funded by the FDOT $96,940.33
2. Do not Authorize Supplement No. 1 to Local Agency Program Agreement FPN 250548-4 Reconstruction of SR A1A (South Roosevelt Boulevard) in the City of Key West
   Advantage: None

Disadvantage: When the portion of South Roosevelt between Bertha Street and the East end of Smathers Beach is reconstructed approximately 500 feet of roadway east of the end of Smathers Beach will remain in its current condition.
Funding: N/A

Recommendation: Authorize Supplement No. 1 to Local Agency Program Agreement FPN 250548-4 Reconstruction of SR A1A (South Roosevelt Boulevard) in the City of Key West and ratify Local Agency Program Agreement (LAP) FPN 250548-4, Reconstruction of SR A1A (South Roosevelt Boulevard) in the City of Key West with the Florida Department of Transportation (FDOT) signed by the City Manger on December 12, 2004.

SUPPLEMENTAL NO. 1 DUNS NO. 80-939-7102	STATE OF FLORIDA DEPARTMENT OF TRANSPORTATION **LOCAL AGENCY PROGRAM** **SUPPLEMENTAL** **AGREEMENT**	FPN 250548-4 CONTRACT NO. ANT08

The City of Key West desires to supplement the original Agreement entered into and executed on December 12, 2004 as identified above. All provisions in the original Agreement and supplements, if any, remain in effect except as expressly modified by this supplement.

The changes to the Agreement and supplements, if any, are described as follows:

PROJECT DESCRIPTION

Name Reconstruction of SR A1A (South Roosevelt Boulevard) in the City of Key West Length 0.777 mile

Termini From Bertha Street to East End of Smathers Beach

Description of Work:

This project consists of the complete reconstruction of SR A1A (South Roosevelt Boulevard) from Bertha Street to the east end of Smathers Beach at the City of Key West. As part of this project, new drainage will be provided as well as new lighting and signing and pavement markings.

Reason for Supplement:

A supplement is being requested for this project to add a section of sheet pile wall at the east end of the project. The sheet pile wall is needed to protect the roadway from the ocean located immediately south of the back of sidewalk within our project limits. Currently, there is a sloped concrete wall which connects the back of sidewalk to the bottom of the beach at this location. The project that FDOT completed immediately east of our project limits, provided a sheet pile wall to protect the road from the ocean. The small section of our project left without a wall will act as flume during storms and fill the road with seagrass and other debris when tides are higher than the elevation of the back of sidewalk. In addition, the erosion of the tides can also compromise the integrity of the roadway section within our project limits. As a result, we are requesting to extend a similar design of the sheet pile wall installed by FDOT on the adjacent project within the east east end of our project to close the existing gap.

The addition of the sheet pile wall will require that survey of the ocean is performed along the proposed alignment of the wall to identify existing bottom elevations as well as to determine the existence of possible impacts to sea grass. The proposed work will need to be permitted with South Florida Water Management and the US Army Corp of Engineers.

In addition, SR A1A (South Roosevelt Boulevard) has a significant amount of pedestrian traffic across it. The pedestrian traffic is generated by several conditions which include a parking area immediately north of the project, condominium towers along the north side of the road, and the presence of the beach adjacent to the south side of the road. There are no protected pedestrian crossings within the entire limits of the project. As a result, a supplement is also requested to complete the required study, analysis, and design of an actuated protected pedestrian crossing within the project limits.

2.02 Expiration of Agreement: The Agency agrees to complete the project on or before December 31, 2008. If the Agency does not complete the project within this time period, this Agreement will expire on the last day of scheduled completion as provided in this paragraph unless an extension of the time period is requested by the Agency and granted in writing by the Department prior to the expiration of the Agreement. If the Department's funding for this project is in multiple fiscal years, funds approval from the Department's Comptroller must be received each fiscal year prior to costs being incurred. See Exhibit B for funding levels by fiscal year. Project costs utilizing these fiscal year funds are not eligible for reimbursement if incurred prior to funds approval being received. The Department will notify the Agency, in writing, when funds are available.

By signing and submitting this Agreement, the Agency is providing the certification set out below:
The inability of the Agency to provide the certification set out below will not necessarily result in denial of participation in this covered transaction. The Agency shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the Department's determination whether to enter into this transaction. However, failure of the Agency to furnish a certification or an explanation shall disqualify the Agency from participation in this transaction.

The certification in this clause is a material representation of fact upon which reliance was placed when the Department determined to enter into this transaction. If it is later determined that the Agency knowingly rendered an erroneous certification, in addition to other remedies available, the Department may terminate this transaction for cause of default.

The Agency shall provide immediate written notice to the Department if any time the Agency learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances. The terms "covered "debarred," "suspended," ineligible," "lower tier covered transaction," "participant," "person," primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. Contact the Department for assistance in obtaining a copy of those regulations.

Agency further agrees by executing this Agreement that it shall not knowingly enter into any contracts with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the Department.

The Agency further agrees by submitting this Agreement that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction," provided by the Department, without modification, in all contracts and in all solicitations for contracts.

The Agency may rely upon a certification of a prospective sub-contractor that the person or entity is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. The Agency may decide the method and frequency by which it determines the eligibility of its sub-contractors. The Agency may, but is not required to, check the nonprocurement portion of the "Lists of Parties Excluded From Federal Procurement or Nonprocurement Programs" (Nonprocurement List) which is compiled by the General Services Administration.

Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of the Agency is not required to exceed that which is normally processed by a prudent person in the ordinary course of business dealings.

Unless authorized by the Department, if the Agency knowingly enters into a contract with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available, the Department may terminate this agreement for cause or default.
Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion:

The Agency certifies, by execution of this Agreement, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency.

Where the Agency is unable to certify to any of the statements above, an explanation shall be attached to this proposal.

12.00 Restrictions, Prohibitions, Controls, and Labor Provisions:

12.01 Equal Employment Opportunity: In connection with the performance of any project, the Agency shall not discriminate against any employee or applicant for employment because of race, age, religion, color, sex, national origin, disability or marital status. The Agency will take affirmative action to ensure that applicants are employed and that employees are treated during employment without regard to their race, age, religion, color, gender, national origin, disability or marital status. Such action shall include, but not be limited to, the following: employment upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Agency shall insert the foregoing provision in all contracts modified only to show the particular contractual relationship in all its contracts in connection with the development of operation of the project, except contracts for the standard commercial supplies or raw materials, and shall require all such contractors to insert a similar provision in all subcontracts, except subcontracts for standard commercial supplies or raw materials. 12.06 Prohibited Interests: Neither the Agency nor any of its contractors or their subcontractors, shall enter into any contract, subcontract, or arrangement in connection with the project or any property included or planned to be included in the project in which any member, officer, or employee of the Agency or the locality during his tenure, or for two years thereafter, has any interest, direct or indirect. If any such present or former member, officer, or employee involuntarily acquires or had acquired any such interest prior to the beginning of his tenure, and if such interest is immediately disclosed to the Agency, the Agency with prior approval of the Department may waive the prohibition contained in this subsection, provided, that any such present member, officer or employee shall not participate in any action by the Agency or the locality relating to such contract, subcontract, or arrangement.

The Agency shall insert in all contracts entered into in connection with the project or any property included or planned to be included in any project, and shall require its contractors to insert in each of it's subcontracts, the following provision:
"No member, officer or employee of the Agency or of the locality during his tenure, or for two years thereafter, shall have any interest, direct or indirect, in this contract or the proceeds thereof."
The provisions of this subsection shall not be applicable to any agreement between the Agency and its fiscal depositories, or to any agreement for utility services the rates for which are fixed or controlled by a governmental agency.

12.07 Interest of Members of or Delegate to, Congress: No member of or delegate to the Congress of the United States shall be admitted to any share or part of the Agreement or any benefit arising therefrom.

13.00 Miscellaneous Provisions:

13.01 Environmental Regulations: The Agency will be solely responsible for compliance with all applicable environmental regulations and for any liability arising from non-compliance with these regulations and will reimburse the Department for any loss incurred in connection therewith. The Agency will be responsible for securing any applicable permits.

13.02 Department Not Obligated to Third Parties: The Department shall not be obligated or liable hereunder to any party other than the Agency.

13.03 When Rights and Remedies Not Waived: In no event shall the making by the Department of any payment to the Agency constitute or be construed as a waiver by the Department of any breach of covenant or any default which may then exist on the part of the Agency and the making of such payment by the Department, while any such breach or default shall exist, shall in no way impair or prejudice any right or remedy available to the Department with respect to such breach or default.

13.04 How Agreement is Affected by Provisions Being Held Invalid: If any provision of this Agreement is held invalid, the remainder of this Agreement shall not be affected. In such an instance the remainder would then continue to conform to the terms and requirements of applicable law.

13.05 Bonus or Commission: By execution of the Agreement, the Agency represents that it has not paid and, also, agrees not to pay, any bonus or commission for the purpose of obtaining an approval of its application for the financing hereunder.

13. State Law: Nothing in the Agreement shall require the Agency to observe or enforce compliance with any provision thereof, perform any other act or do any other thing in contravention of any applicable state law, provided, that if any of the provisions of the Agreement violate any applicable state law, the Agency will at once notify the Department in writing in order that appropriate changes and modifications may be made by the Department and the Agency to the end that the Agency may proceed as soon as possible with the project.

13.07 Contractual Indemnity: To the extent permitted by law, the Agency shall indemnify, defend, save, and hold harmless the Department and all its officers, agents and employees from any claim, loss, damage, cost, charge or expense arising out of any act, error, omission or negligent act by the Agency, its officers, agents or employees during the performance of the Agreement except that neither the Agency, its officers, agents or its employees will be liable under this paragraph for any claim, loss, damage, cost, charge or expense arising out of any act, error, omission or negligent act by the Department or any of its officers, agents or employees during the performance of the Agreement.

When the Department receives a notice of claim for damages that may have been caused by the Agency in the performance of services required under this Agreement, the Department will immediately forward the claim to the Agency. The Agency and the Department will evaluate the claim and report their findings to each other within 14 working days and will jointly discuss options in defending the claim. After reviewing the claim, the Department will determine whether to require the participation of the Agency in the defense of the claim or to require the Agency defend the Department in such claim as described in this section. The Department's failure to promptly notify the Agency of a claim shall not act as a waiver of any right herein to require the participation in or defense of the claim by the Agency. The Department and the Agency will each pay its own expenses for the evaluation, settlement negotiations, and trial, if any. However, if only one party participates in the defense of the claim at trial, that party is responsible for all expenses at trial.

The parties agree that this clause shall not waive the benefits or provisions of Section 768.28, Florida Statutes, or any similar provision of law.

13. Plans and Specifications: In the event that this Agreement involves constructing and equipping of facilities on the State Highway System, the Agency shall submit to the Department for approval all appropriate plans and specifications covering the project. The Department will review all plans and specifications and will issue to the Agency written approval with any approved portions of the project and comments or recommendations covering any remainder of the project deemed appropriate. After resolution of these comments and recommendations to the Department's satisfaction, the Department will issue to the Agency written approval regarding the remainder of the project. Failure to obtain this written approval shall be sufficient cause for nonpayment by the Department.

13.09 Right of Way Certification: Upon completion of right of way activities on the project, the Agency must certify compliance with all applicable federal and state requirements. Certification is required prior to advertisement for or solicitation of bids for construction of the project, including those projects for which no right of way is required.

13.10 Agency Certification: The Agency will certify in writing, prior to project closeout, that the project was completed in accordance with applicable plans and specifications, is in place on the Agency facility, that adequate title is in the Agency, and that the project is accepted by the Agency as suitable for the intended purpose.

13.11 Agreement Format: All words used herein in the singular form shall extend to and include the plural. All words used in the plural form shall extend to and include the singular. All words used in any gender shall extend to and include all genders.

13.12 Execution of Agreement: This Agreement may be simultaneously executed in a minimum of two counterparts, each of which so executed shall be deemed to be an original, and such counterparts together shall constitute one in the same instrument.

13.13 *Restrictions on Lobbying:*

PRELIMINARY SCOPE OF SERVICES
SOUTH ROOSEVELT BOULEVARD
CITY OF KEY WEST
PROJECT NUMBER NO. PW-0402

EXHIBIT C

The City of Key West is proposing to reconstruct South Roosevelt Boulevard (State Road A1A) from Bertha to approximately 4,400 ft. east of Bertha where it transitions to an existing reconstruction project that is being designed by the Florida Department of Transportation.

Project Limits – The Project limits will be from Bertha to Station 44+00 or any point that provides for a logical transition. This Project as it is funded by FDOT will not include work on Bertha beyond the logical termini of the project on Bertha. The project will improve the existing roadbed, drainage, lighting and markings. Every effort will be made to not impact the promenade, otherwise the promenade will be replaced in kind.

The project will be implemented as follows:

- Phase I – The Consultant will prepare preliminary plans and submit for City/FDOT approval.
- Phase II, Plans Production – Once the preliminary plans have been approved, SZA will proceed to the production of final construction documents. Phase Reviews at 60%, 90% and 100% completed plans will occur. The review entities will be the City and FDOT per the Local Agency program requirements.
- Phase III, Post Design – Post Design services includes assisting the City in the preparation of the bid documents, bidding, bid reviews, pre-bid meeting and construction contract administration. This effort will include shop drawing reviews and responding to contractor's request for information. Work effort will be negotiated after the submittal of the 100% contract documents.
- Phase IV, Construction – The Consultant will provide construction inspection services or construction monitoring for the City. This effort will be separately negotiated with the City at the end Phase II.

LAP coordination & Funding – The Consultant will provide Local Agency Program coordination between the City and FDOT throughout the design and the construction of this project. The consultant will prepare the necessary forms fro FDOT for FDOT approval and programming of the funds in the FDOT system as the project evolves.

Contract Documents

Roadway Plans – Roadway Plans will be prepared in FDOT format at 1"=40'. The project limits will be from the intersection of Bertha/Atlantic Avenue to approximately station 44+00 where it ties to another FDOT Project.

Drainage & Permitting – All drainage analysis and plans will be performed per FDOT standards. The Consultant will prepare all permit applications, coordinate with the permitting agencies and if needed submit directly to the agencies. Permitting agencies include:

- South Florida Water Management District
- Department of Environmental & Resource Management
- Army Corps of Engineers
- United States Coast Guard.

All of the agency permitting and plan review fees will be included in the consultant's fee proposal.

Landscaping - Landscaping will be provided only as mitigation for construction impacts to existing landscaping.

Seawall Plans – Roadway plans will not include seawall construction plans. This issue will need to be separately pursued with FDOT. A study may be undertaken by FDOT or the City (via LAP) to evaluate the existing conditions and recommend corrective action.

Lighting – The Consultant will prepare lighting plans per FDOT standards. There are no specific requirements for lighting as long as they are turtle friendly.

Signalization – This work under the LAP agreement does not include any signalization work.

Utility Services – The Consultant will provide total utility coordination services for the City. The Consultant expects to coordinate the effort with eight (8) separate utility companies.

Public Involvement – The Consultant will prepare and execute a Community Awareness Plan (CAP) for this project in accordance with FDOT criteria. It is anticipated that a Level III cap will be required for this project.

Survey Services –The original Survey will be updated (IF REQUIRED) as well. An estimated fee is included in the proposal for this effort.

Geotechnical Services – This effort includes obtaining soil tests, percolation tests for drainage and borings for the sea walls.

Subsurface Utility Services – Since previous data is available, we estimated that an additional 20 vacuum excavation locations may be required.
