## Temporary ROW Application & Permit

### Section III – Agreement

1. Any and all excavation work must follow BMP practices as defined by the EPA concerning all storm water retention (silt screens, hay bales, etc.).
2. Unless specifically approved otherwise, all pavements must be repaired within 48 hours of completion of work or Bond will be withheld.
3. ADA Codes must not be violated during the work closure.
4. ADA specifications shall be ADAAG.

I, (Sign & Print) \_\_\_\_\_ hereby agree to obey all of the City of Key West requirements for proper repairs and/or traffic maintenance involved with the above described work, including above storm water retention guidelines as defined by the EPA. I have legal authority to bind the entity to the terms and conditions of this permit. Maintenance of traffic shall be governed by requirements prescribed by the Florida Department of Transportation regulations. Protection of property, either public or private, shall be governed by City Code (including Chapter 62), the requirements of the Standard Building Code, and any specific conditions noted above. I also agree that forty eight (48) hours prior notification shall be given to all occupants and owners of properties that are in the same block as to when and where the work will be performed.

A deposit in the form of certified funds payable to the City of Key West may be required. The amount required will be sufficient to cover expert repairs or to reimburse the City for improper materials or workmanship should I not comply with the terms of this agreement. The funds will be returned if the inspection of the completed work is satisfactory to Engineering Services.

I further agree to indemnify the City of Key West, its employees, agents and invitees from any injuries to person and/or damage to property as a result of the above described work. This indemnification shall survive the completion of the work described above.
